MINUTES

Notes from the meeting are as follows.

1. Supreet Oberoi will be setting up a separate meeting to discuss the NASPI net Use Case Report.
2. PMU Registry work is proceeding. TVA is framing up a prototype and will have a high level PowerPoint to show their status before too long.
3. A review of the DNMTT goals for 2010. The goals are not yet final. Suggestion was made to look further out on the PMU Registry goals since they may be done very soon through other work.

4. Summary of “Other” comments still pending. Waiting on that to post to NASPInet page.

The meeting was adjourned.
